THE following Sheets have been compar'd with the utmost Exactness by the Books of the several Clerks concern'd in taking the Poll, and shew at one View the Names and Number of Freeholders resident in each Town, who poll'd for either of the Candidates; together with the respective Places of their Freehold.

The Index Villaris has been strictly search'd, in order to correct the Names of Places; and all possible Inquiry made as to the Names of Persons. Some few Errors, no doubt, may yet remain; in such Case they are not to be imputed to the Clerks, or to the Publishers, but to the various Ways of Pronunciation of the same Town or Man's Name in different Parts of the County.
